

# iMap Zentangle Explorer Programme

(For 6 to 12 Years Old; 1 Hour Per Week x 12 Sessions)

Weekly Enrichment  
Programme  
Starting From  
March

Join our certified Zentangle teacher to explore Zentangle and let your creativity surprise you with possibilities...

The Zentangle method is an easy-to-learn, relaxing and fun way to incorporate mindfulness, as well as, improve focus and concentration into a healthy lifestyle. The regular practice of Zentangle increases appreciation for your surroundings and develops positive mental well being. This is a life skill that not only promotes concentration and focus, but also improves handwriting and dexterity of the hands.

Each week, 4 different tangle patterns will be introduced and taught together with a different String; and you will learn how to combine and vary these during the class to create your own unique pieces of art.

# iMap Overcoming Titanic Moments & Developing Persistency Programme

(For 7 to 12 Years Old; 2 Hours x 2 Lessons)

March School  
Holiday  
Programmes

Just like an ice-berg, children's thoughts and feelings may be buried/masked and suddenly, TITANIC moments erupt where they lose their temper, feel unmotivated or when generally stressed out (especially as they learn to adapt to a new environment in Primary/Secondary School and adjust to new friends/teachers).

When children are emotionally affected by anger, anxiety or sadness; they will absorb far less than when they feel happy, relaxed and comfortable with their surroundings.

This programme enables them to learn to regulate and manage their emotions, have greater self-awareness and confidence to work through tough moments, developing resilience.

**Date** : 18 & 19 March 2020 (Wednesday & Thursday)

**Time** : 10:00am-12:00pm

**Venue** : Emma Study Place  
209 New Upper Changi Road #04-647  
Singapore 460209

**Programme Fee** : S\$225 Per Pax (Note: 10% discount @S\$202.50 Per Pax applicable for The Mapping Academy's return participants, Emma Study Place's existing students, new participants sign up by 29 February)

**Min. No. of Pax** : 8

**Register Here** : <https://forms.gle/N8cF1oH8TaY6be1c7>

## iMap True True Robot Basic Flashcard Programme

(For 6 to 8 Years Old; 2 Hours x 2 Lessons)

TRUE TRUE is a coding educational robot which helps children develop their computational thinking to cope with our current digital environment in the era of digital transformation. It strengthens 'logical thinking' in order to analyze the core of problems and 'creative utilization' that enhances problem solving skills.

Children will have fun learning to code through learning activities and games by TRUE TRUE. They will experience artificial intelligence while commanding True True Robot to execute simple movements.

**Date** : 18 & 19 March 2020 (Wednesday & Thursday)

**Time** : 2:00pm-4:00pm

**Venue** : Emma Study Place  
209 New Upper Changi Road #04-647  
Singapore 460209

**Programme Fee** : S\$225 Per Pax (Note: 10% discount @S\$202.50 Per Pax applicable for The Mapping Academy's return participants, Emma Study Place's existing students, new participants sign up by 29 February)

**Min. No. of Pax** : 10

**Register Here** : <https://forms.gle/N8cF1oH8TaY6be1c7>
